Remote Control

A Power
B Settings
C OK/Up/Down/Left/Right
D Return
E Home
F Increase
G Play/Pause (Only supports built-in media player)
H Decrease
I Mute

Bluetooth Remote Control

Step 1. Go to **Apps Center** > **RC BT Pairing**
Step 2. Press and hold the ← and ≡ buttons simultaneously for **3 seconds**
Step 3. Pairing successful
NOMVDIC Remote Control App

Step 1. Download the **NOMVDIC Remote Control** app onto your smartphone
Step 2. Connecting your phone and the projector to the same Wi-Fi Network
Step 3. Open the **NOMVDIC Remote Control** app and select the projector (NOMVDIC XXXX)

Initial Setup

Turning on R150

Step 1. Connect the power cord to R150
Step 2. Fully charge R150 upon initial use. The light indicator next to the volume button will show the battery capacity. It takes about 3 hours to fully charge the projector
Step 3. Switch the Power Toggle to the **ON** position
Step 4. A solid green light will stay on after the startup

Using R150 as a Projector

Adjusting the Projected Image

Front, Side, and Ceiling Projection

Spin the projector to the angle that best fits your use scenario.

Adjust the Keystone

The Auto Vertical Keystone will automatically correct the vertical keystone. To adjust the horizontal keystone:

Step 1. In **Home** > **Settings**, go to **Basic Settings**

Step 2. In **Basic Settings** > **Keystone**, select **H Keystone** to adjust the horizontal keystone

Alternatively, you can click **4 Corner Adjustment** to adjust the projected image.

Fine-Tuning the Image Clarity

To adjust the focus of the on-screen image, slowly move the focus ring upwards or downwards.

Wireless Projection

Via NOMVDIC AppStore

Step 1. Go to **Home** > **Apps Center** > **App Store**

Step 2. Choose the app you wish to download (e.g., Netflix, SmartTube)

Step 3. After installation, log in with your account and password (a mouse or remote app is required when log in)

Via TV Dongle

Step 1. Connect your TV dongle (e.g., Fire TV Stick, Roku Stick) to the projector

Step 2. Select the streaming service you wish to use

Via USB Flash Drive

Step 1. Connect your USB flash drive to the USB-A port

Step 2. Go to **Home** > **File Management**

Step 3. Choose the file you wish to open

Cable Connected Projection

Via HDMI Cable

Step 1. Connect one end of the HDMI cable to your device (e.g., PC, laptop)

Step 2. Connect the other end of the HDMI cable to the HDMI port on R150

Step 3. In **Home**, select **HDMI** on the left column

Via USB-C Cable

**Step 1.** Connect one end of the USB-C cable to your device (e.g., mobile phone, Nintendo Switch)

**Step 2.** Connect the other end of the USB-C cable to the USB-C port on R150

Step 3. In **Home**, select **USB C** on the left column

Shutting Down the Projector

Step 1. Press **Power Button** on the remote control, choose **Turn Off**

Step 2. Switch the **Power Toggle** to **OFF** to turn off the projector
Using R150 as a Bluetooth Speaker

How to pair R150 with your mobile phone for the first time

Step 1. Go to **Home** > **Bluetooth**

Step 2. Select **Bluetooth Pairing**. A sound effect will be audible upon pairing

Step 3. On your phone, choose **NOMVDIC R150**. Upon successful connection, another sound effect will be audible

After the first successful pairing, you can turn on the Bluetooth speaker mode by going to **Home > Bluetooth**, and selecting **Bluetooth Speaker**. Your device will pair with R150 automatically.

FAQs

How do I AirPlay/Screen Mirroring the content on my phone to R150?
To connect to AirPlay or screen mirror, ensure your device is connected to the same network as the projector. It is recommended to use a 5GHz Wi-Fi network for best results.

For iOS

Step 1. Access the drop-down control menu

Step 2. Select the "Screen Mirroring" icon

Step 3. Choose "NOMVDIC XXXX"

For Android

Step 1. Download and install the "Google Home" application and open it

Step 2. Pull to refresh the app and wait for 30 seconds

**Step 3.** "NOMVDIC XXXX" will now be visible, select it

Some Android devices support direct "Casting". If your device does, go to the Casting feature and choose "NOMVDIC XXXX" from the list of available devices.

Please note that AirPlay and Screen Mirroring are no longer supported by major streaming services such as Netflix and Disney+.

How do I clean the projector?
Please refrain from forcefully pressing the buttons, as it might damage the surface and the structure of the button.
To clean the projector lens, please use a microfiber fabric to prevent scratches or damage to the surface. DO NOT use any kind of chemical cleaner. You can clean the projector body with a slightly damp towel to wipe off the dust.

Can I charge my projector with a power bank?
Yes, you can use a power bank to charge your projector if it has a power output of 15V/3A and supports PD protocol. Using a power source that's below 15V/3A might shorten the battery life.

How do I maximize the battery life?
1. When not using the projector, make sure the power toggle is switched to OFF. If left ON, the projector will consume the battery while in standby mode (the LED indicator will stay red when in standby mode).
2. Fully charge the battery at least once every three months.

How do I contact NOMVDIC?
You can contact us via hello@nomvdic.io. Our Customer Success team will respond to your inquiries within 24 hours on business days.

Limited Warranty

What does the warranty cover?

NOMVDIC™ warrants its products to be free from defects in material and workmanship during the warranty period. If a product proves to be defective in material or workmanship during the warranty period, NOMVDIC™ will, at its sole option, repair or replace the product with a similar product. Replacement Products or parts may include remanufactured or refurbished parts or components. The replacement unit will be covered by the balance of the time remaining on the customer's original limited warranty. NOMVDIC™ provides no warranty for any third-party software whether included with the product or installed by the customer, installation of any unauthorized hardware parts or components.

How long is the warranty effective?
NOMVDIC ™ Projector : 1-year Limited Warranty
Remote Control : 6-month Limited Warranty
AC Adapter : 6-month Limited Warranty
